

## Op Shops and Second Hand Stores of the Illawarra

Wollongong, Shellharbour and Kiama Councils, with support from the NSW Environmental Trust, have joined together for the *Sustainable Illawarra* project, to help you take the hard work out of being green.

Choosing second hand clothing and goods is an important way to reduce waste and save valuable resources which go into making new goods. The Illawarra has a great number of op shops and second hand goods stores, many of which are run by organisations dedicated to community services.

This list of op shops and stores which sell second hand or vintage goods has been compiled in July 2009 from various public directories, and information from stores. It is for general information only, and listing in this document in no way constitutes an endorsement of any particular store or outlet. If you notice omissions or errors please let us know by calling 4227 7453 or email [mail@sustainableillawarra.com.au](mailto:mail@sustainableillawarra.com.au). It is hoped that a formal directory can be prepared in the future to assist in reducing unnecessary waste and consumption, and to support enterprises dedicated to community services and goods reclamation.
